

## Why you should choose our academy

We are a relatively small Academy that has a team of enthusiastic, well qualified teachers that have proven in 2018 and in 2019 that they can achieve the best results in Grimsby and the whole of North East Lincolnshire – *every child really can reach their full potential*. **Being a small academy, your child will never be lost in the crowd unlike larger academies**; instead we know every child, their strengths and their areas for development.

- For progress, we are the highest performing academy in Grimsby and North East Lincolnshire
- The highest maths progress out of all Delta secondary academies
- Progress in maths, English and science being way above national average
- Free transport to and from JWA from four locations in Grimsby – putting your child's safety first
- Outstanding learning resources
- We have a 220 seat cinema
- We have two swimming pools with outstanding sports results
- We have our own Engineering plant with partnerships with Franklin College and HETA
- Complete uniform including: trousers/skirt, shirts, tie, blazer and PE kit – FREE

After lockdown, come and see us and have a look around, and sense the calm purposeful working environment this academy has to offer your child

Tel: (01472) 311080 or contact the Principal direct via email:
